

Mohammad Aabid

Full Stack Developer

+91 9783868479 | technicalsheikhshabb@gmail.com | AGC Apartment, Jaipur, 302032

Objective

I am a results-driven Full Stack Developer with **two years of experience**, specializing in the **MERN Stack (MongoDB, Express.js, React, Node.js), Next.js, and Microsoft SQL**. With expertise in both frontend and backend development, I build **scalable, high-performance web applications** that enhance user experience and drive business growth. Passionate about **continuous learning, problem-solving, and innovation**, I thrive in **collaborative environments** and excel at delivering **efficient, user-centric solutions**.

Skills & Abilities

Frontend Development: React.js, Next.js, TypeScript, HTML, CSS, JavaScript, Tailwind CSS, Bootstrap

Backend Development: Node.js, Express.js

Database Management: MongoDB, Microsoft SQL, MySQL, Firebase Realtime Database

Version Control & CI/CD: Git, GitHub

API Development & Integration: RESTful APIs, Firebase, Third-party API Integration

Performance Optimization & Scalability: Caching strategies, Code Optimization, Load Balancing

Testing & Debugging: Postman, Debugging Tools

Experience

AGC India, Jaipur

Date April 2024 - Present

◆ **Web Application Development:** Built and maintained **scalable web applications** using **React.js, Next.js, and Node.js**, ensuring high performance and responsiveness.

◆ **Backend & API Development:** Designed and implemented **RESTful APIs** and integrated **Firebase** to streamline backend operations and data synchronization.

◆ **Database Management:** Managed **MongoDB, Microsoft SQL, and MySQL**, optimizing queries to improve database efficiency and reduce load times.

◆ **Performance Optimization:** Enhanced application **speed and scalability** through **caching strategies, code optimization, and load balancing** techniques.

◆ **Version Control & Collaboration:** Leveraged **Git and GitHub** for version control, ensuring smooth **collaboration** and efficient code management in Agile workflows.

◆ **Testing & Debugging:** Conducted **API testing with Postman**, identified critical bugs, and implemented **debugging strategies** for a seamless user experience.

◆ **Team Collaboration & Agile Development:** Worked closely with **crossfunctional teams** in an **Agile environment**, ensuring projects were delivered on time with high quality.

Experience

Maharaja Ganga Singh University, Bikaner

📍 *Bikaner, Rajasthan*

🎓 **Bachelor of Computer Application (BCA)**

📅 **2022 – 2025**

- **Relevant Coursework:** Data Structures & Algorithms, Web Development, Database Management Systems, Software Engineering, Cloud Computing
- **Technical Skills Gained:** Full Stack Development, API Integration, Performance Optimization, Debugging

🏆 **Awards & Honors:**

- **Academic Excellence Award** - Recognized for outstanding performance in computer science subjects.
- **Dean's List (2023 & 2024)** - Achieved top academic standing for consecutive years.

Communication

Fluent in **Hindi & Urdu**, proficient in **English** for professional communication. I confidently **present ideas, lead discussions, and explain complex concepts** with clarity. Skilled in **collaborating with teams, delivering key presentations, and engaging with clients**, ensuring seamless execution and impactful results

Leadership

I excel in **leading development teams**, mentoring junior developers, and ensuring smooth project execution. I have experience managing **cross-functional collaboration** in Agile environments. My leadership approach focuses on **problem-solving, efficiency, and team growth** to drive successful outcomes.
